Prepared for SYN Avery Contact

Reserved output preparation 2026-10-10T03:26:45.878Z · Issue cda06d19-df2c-4542-8a55-48afa427d13d. Release requires the application's separate immutable issue event. This file alone does not prove release or delivery.

Attendance and scope

SYN Riley Technician · 10 Oct 2026, 1:26 pm to 10 Oct 2026, 1:26 pm (Australia/Brisbane)

Attendance acceptance is separate from remaining work, customer response and financial treatment.

SYN Planned controller inspection — coordination and customer date review

Authorised exclusions: No shutdown, replacement, energised access, repair or financial approval.

Scope outcome: Partial

Authority review: Current. Original-attendance-only review gives no further work authority.

Equipment and identity

Equipment	Identity
SYN irrigation controller	Verified

Authorised tasks and outcomes

Observe controller display and external sensor identity

Expected: Record observations and remaining questions

Exclusions and remaining work

SYN no intervention or energised work

SYN remaining inspection needs service-owner review

Unresolved finding requires follow-up.

An authorised task remains incomplete.

A task result has not passed the synthetic completion check.

The synthetic site-controls completion check has not passed.

Next-action owner: Service coordinator. A proposed return requires separate confirmation and work authority.

Customer response context

A response describes only the exact content presented. It does not approve billing, the entire project, statutory compliance or warranty settlement. Stated identity and an optional synthetic mark are not independently verified identity. Responses are recorded separately; this PDF is never changed to add a signature.

Exact customer content 9649dfa369409c8bd2027cfbb80a42d25f1c4bc0cfe72d3c70127e545add0904
